

Hayley Stout

LAT, ATC | Anacortes | IRG Sports Performance and Athletic Training Mobile Clinic

"I strive to provide outstanding injury prevention and rehabilitation to help my athletes compete at their highest level."

Hayley was raised in Anacortes and, after moving away for her undergraduate studies, she quickly realized how much she missed the PNW and all it had to offer. After moving back, she quickly fell in love again with the outdoors and all of the hiking available in the area. She enjoys the small town community values that Anacortes instilled in her and is dedicated to helping grow the community through volunteer work. Since a young girl, she has loved to read and travel. She also has a great love of sports, with her passion being fastpitch.
