

Wendy Peters

PT, DPT | Seattle – North Seattle

"I love my job because I have the opportunity to make a positive impact in the lives of my patients – there is no other feeling than seeing someone's confidence return as they are able to improve their health and function."

As an Arizona native, Wendy has been thoroughly entranced by the outdoor diversity the PNW has to offer. In her free time, she enjoys running, hiking, backpacking, and yoga. In the clinic, Wendy's passion is in connecting with people and working with her patients to come up with solutions together. She is eager to teach her patients to take ownership of their rehabilitation process and become more confident in their movement.

Education

Doctorate in Physical Therapy from Northern Arizona University – Phoenix Biomedical Campus

Bachelor of Science in Human Physiology from the University of Oregon
